

Message from the General Chairs

MIPR 2023

Dear Esteemed Delegates,

We are absolutely thrilled to extend a warm and enthusiastic welcome to all of you attending the IEEE 6th International Conference on Multimedia Information Processing and Retrieval (IEEE MIPR 2023), which will take place in the vibrant city of Singapore from 30 August to 1 September 2023.

This conference is not just a gathering; it is a celebration of knowledge, innovation, and collaboration. We have dedicated this event to fostering a dynamic and inclusive forum, where original research contributions and groundbreaking approaches in multimedia information processing and retrieval can be shared and explored. Our aim is to provide you with an exceptional platform for enriching discussions, exchanging insights, and witnessing practical demonstrations of cutting-edge system designs and applications in this rapidly evolving field.

To all the distinguished experts from academia and industry, we extend our heartfelt greetings. Your presence and valuable contributions will undoubtedly enrich the diversity of perspectives and lead to inspiring exchanges that will shape the future of multimedia technologies.

As Conference Chairs, we are deeply honored and privileged to have been given the opportunity to serve. However, this conference's success would not have been possible without the dedicated and enthusiastic efforts of numerous colleagues on the organizing committee.

We extend our heartfelt gratitude to the Chairs of the Organizing Committee, whose exceptional leadership has made this event a reality:

Technical Program Co-chairs: Pradeep K. Atrey and Amr Rizk

Workshop and Tutorial Chairs Co-chairs: Guan-Ming Su and Guandong Xu

Demo Co-chairs: Na Zhao and Ying Zhang

Publication Chair: Bihan Wen

Web Chairs: Shuqiao Guo and Tianyi Wang

Local Arrangements Chair: Yifang Yin

Sponsorship & Industry Co-chairs: Xulei Yang and Jianquan Liu

Publicity Co-chairs: Cathal Gurrin, Ichiro Ide, Chin-Fan Hsu, Rodrigo Capobianco Guido,
Ling Guan, Tianyi Wang, and Zhenguang Liu

We are also immensely grateful to the extended Technical Program Committee for their diligent efforts in evaluating all the paper submissions based on their significance, novelty, and technical quality.

A special thank you goes to all the authors who have submitted their valuable research papers and to all the attendees who have made this conference a vibrant and engaging platform for knowledge exchange and fruitful collaborations. We hope that the program has been both stimulating and a source of inspiration for your future research endeavors.

This conference would not have been possible without the tremendous skills of the organizing team at the National University of Singapore's School of Computing under the leadership of Siew Foong Ho and Lay Khim Chng, and with special thanks to the registration IT team of Maybelline Goh and Darren Lee.

We would also like to acknowledge Jennifer Cara Johnson from the Computer Society for her unwavering support to the conference year after year, as well as express our heartfelt thanks to Prof. Mei-Ling Shyu for providing invaluable guidance and direction.

Finally, to all the conference participants, we extend our gratitude for contributing to the resounding success of MIPR 2023. We hope that your stay in Singapore, one of the world's most dynamic and smart cities, has been both enjoyable and fruitful.

Once again, we thank each and every one of you for your incredible contributions, and we eagerly look forward to welcoming you back at MIPR in the future!

With warm regards,

MIPR 2023 General Chairs

Roger Zimmermann, *National University of Singapore, Singapore*
Xiaoli Li, *Institute of Infocomm Research, A*STAR, Nanyang Technological University, Singapore*
